Protect Your Investment with Insurance

Tuition insurance* can reimburse up to **100%** of your school payments after an unexpected mid-semester withdrawal for a covered illness, injury, mental health disorder, and more.

Based on the average cost of attendance and fees, we highly recommend \$10,000 in protection for \$99. Keep in mind that you can always choose your coverage limit and reimbursement can include:

- Tuition payments
- Room and board
- Other academic fees

The plan also includes Student Life Assistance, a 24-hour emergency hotline that helps students stay safe on and off campus—providing you and your family with even more peace of mind.

Click **"Send Me More Information"** if you would like GradGuard to follow up with the information you need to complete your enrollment in the Tuition Protection Plan.

Click **"Do Not Send Me Any Information"** if you are not interested in the Tuition protection Plan. By selecting this option, you acknowledge that you are accepting full responsibility for any payments that are not refunded to you under the college's published refund policy.
