(Accreditation Standard A3.06)

The ID badge **MUST** be worn at all times. The lab coat **MUST** be worn at all times unless approved by the preceptor. If the name tag breaks or is lost, please call or email the Clinical Team to order a new one. If the facility issues the student an identification badge, it too must be worn. It is the student's responsibility to return the badge at the end of the rotation. Students are always to introduce themselves as a PA student. They should immediately identify their supervising preceptor to the patient as well.
